

Griffin Generators

Power Where You Need It.

Features:

Tough

- Aluminum, lockable enclosure
- Steel skid frame and trailer
- Durable industrial powder coat finish
- Stainless steel exterior hardware

Reliable

- Advanced microprocessor
- Voltage regulation within +/- 1%
- 24 hour full load run time
- Air filter condition indicator
- 2 year 2,000 hour warranty

Easy to Use

- Voltage selector switch
- Lugs and lug box safety switch
- Multiple convenience outlets
- External emergency stop switch
- External, lockable fuel cap
- Automatic remote start
- Detachable trailer
- Fuel tank integrated into generator-set

Options:

- Engine heater
- Battery disconnect
- Tandem axle trailers
- Dedicated voltage configurations
- Battery charger
- Buck transformer (automatic)
- 36 hour full-load fuel tank
- Liquid containment
- Permanent magnetic generator
- Digital voltage regulator
- Double wall fuel tank
- Low coolant shutdown
- Interior light
- Control panel light
- Analog control panel

Griffin now offers a line of Griffin power generators. The diesel powered generators provide electricity, for emergency power, electric submersible pumps or other electrical applications. We have a wide variety of units available for all your power needs. As a standard, units are trailer mounted for ease of use. Enclosures are standard.
