

# Griffin Hydraulic Power Units

## Features:

- Available in 5 standard series
- Self-contained, portable diesel-driven hydraulic power units
- Capable of powering hydraulic submersible pumps or other hydraulic equipment
- No need for electricity in remote areas
- Operates efficiently at a wide range of conditions
- Trailer mounted with fuel tank and diesel engines

**Hydraulic power units and variable-use vacuum-assisted non clog pumps being used on a bypass project.**

**Model 250HPND**

**Model 400HPND**

**Model 600HPND**

**Model 800HPND**

**Model 825HPND**

**Griffin's Hydraulic Power Units** are available in five standard sizes; 250 Series, 400 Series, 600 Series, 800 Series and 825 Series. These units are self contained, portable, diesel-driven or electric-driven hydraulic power units. These units are capable of powering hydraulic submersible pumps or other hydraulic equipment.

Due to the ability to throttle the engine, a wide variety of hydraulic flow and pressure can be delivered. These Griffin units operate efficiently at a wide range of conditions. They can be positioned in remote locations without the need for electrical power and away from the pumphead.

Also, through the use of bio-degradable hydraulic oils, these units are an environmentally friendly solution. Each unit is also equipped with a hydraulic relief valve to insure safe operation.

Contact Griffin for more information and options available.

# Griffin Hydraulic Power Units

Griffin has a complete line of hydraulic submersible pumps for use with the Griffin Hydraulic Power Units.

**4" Hydraulic Driven Submersible Material Handling Pump.**

**6" Hydraulic Driven Submersible Trash Pump.**

**10" Hydraulic Driven Submersible Trash Pump.**

**24" Hydraulic Driven Submersible Axial Flow Pump.**

## Standard Units:

Description	Model	Rated Hydraulic Flow (@1200 rpm, 100psi) (GPM)	Standard Pumphead
Hydraulic Power Unit 250	250HPND	7	4MH, 6T
Hydraulic Power Unit 400	400HPND	28	4MHL, 6MH 6THL, 8T
Hydraulic Power Unit 600	600HPND	38	6MHL, 10T
Hydraulic Power Unit 800	800HPND	50	6MHL, 12T
Hydraulic Power	825HPND	60	12T, 24AX
